General Terms and Conditions

1. Applicability.
 - a. These terms and conditions for purchase orders ("Terms") are the only terms which govern the sale of the goods ("Order") by you ("Seller") to Systel, the Buyer ("Buyer"). Notwithstanding anything herein to the contrary, if a written contract signed by both parties is in existence covering the sale of the Goods covered hereby, the terms and conditions of said contract shall prevail to the extent they are inconsistent with these Terms.
 - b. No terms and conditions other than the Terms set forth here, including any terms and conditions in any document attached to or incorporated by reference, shall be binding upon Buyer unless accepted by it in writing signed by the Buyer's Purchasing Agent or President. Notwithstanding any other provision of this Order, Buyer reserves expressly the right to revoke this Order at any time prior to receipt of notice of acceptance by Seller. Acceptance is limited to the terms stated herein. All terms and conditions contained in any prior proposal or acknowledgment of this Order which are different from or in addition to the terms and conditions of this Order are hereby rejected and shall not be binding on Buyer, whether they would materially alter this Order, and Buyer hereby objects thereto. Seller will be deemed without qualification to have assented to all terms and conditions contained herein if any part of the goods and/or service covered by this Order is shipped or an invoice is presented in connection with the said goods and/or services.

2. Acceptance of the Order
 - a. Unless pursuant to a Long-Term Agreement where acceptance will be in accordance with said Agreement, Seller shall be deemed to have accepted this Order upon the earliest of:
 - i. written acknowledgment by Seller,
 - ii. commencement of performance by Seller, or
 - iii. Seller's receipt of any payment, partial or full, from Buyer under this Order
 - b. By acceptance of this Order, Seller agrees to strictly comply with all its terms and conditions and specifications, including those contained in all documents incorporated into this Order by reference. Buyer hereby rejects any different or additional terms in Seller's acceptance of this Order or in any Seller provided documentation (e.g., any preprinted terms on the back of Seller's invoice, or Seller's acknowledgement).

3. Compliance with the Law. Seller warrants that all goods provided hereunder have been produced and all services performed are in compliance with applicable federal, state and local laws, ordinances, codes, rules, regulations or standards, including

without limitation, the Fair Labor Standards Act, and those pertaining to the manufacture, labeling, invoicing and sale of such goods or services, environmental protection, immigration, employment and occupational safety and health. Sellers located within the United States also warrant that they shall at all times comply with applicable provisions relating to government contractors and subcontractors, which provisions, and any contract clauses required there under, are incorporated in this Order by reference as if set forth in full, including 41 CFR 60-1, et seq., with the reporting, record keeping and affirmative action program requirements set forth therein; incorporation of the Equal Opportunity Clause of EO 11246 pursuant to 41 CFR 60-1.4; the maintenance of non-segregated facilities as required by 41 CFR 60-1.8; the provisions of 41 CFR 60-250.4 relating to disabled and Vietnam era veterans; and the provisions of 41 CFR 60-741 relating to handicapped workers. Where legally required, Seller shall include these clauses in its purchase orders supporting this Order and shall at Buyer's request certify to all the foregoing.

4. State Law. This Order shall be governed in all respects by the laws of the State of Texas and all actions commenced pursuant hereto shall be brought in a court situated in Fort Bend, Texas.
5. Fair Labor Standards Act. In accepting this Order, Seller represents and warrants that the goods/services to be furnished hereunder were or will be produced in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended, the Orders, and the regulations issued pursuant thereto.
6. Title and Risk of Loss. Unless otherwise stipulated on the face of this Order or as modified by routing letter from Buyer's Purchasing Agent, goods covered by this Order shall be shipped "FOB destination". Risk of loss and title to said goods to pass to Buyer only upon delivery to Buyer's specified end destination; however, passing of title shall not relieve Seller of any other obligations under this Order. Delivery in advance of the specified Buyer's shipping date, will not cause passage of title, transfer of risk of loss and/or establish FOB point. Risk of loss or damage shall remain with Seller until delivery to Buyer at Buyer's designated facility, except that risk of loss or damage to products that do not conform with the requirements of this Order shall remain with Seller until cured and/or until final acceptance by Buyer. Transportation charges on goods delivered FOB destination must be prepaid. No charges for unauthorized transportation will be allowed. Any unauthorized shipment, which will result in excess transportation charges, must be fully prepaid by the Seller. Unauthorized transportation charges not prepaid will be offset by Buyer.
7. Delivery Schedule. Time is of the essence in fulfillment of this Order. This Order is subject to cancellation, if not shipped at the specified time. Buyer reserves the right to refuse deliveries made in advance of the delivery schedule or pay in accordance with original due date. Merchandise shipped after the time specified may be returned at the Seller's expense for full credit. Retention of all or any part of such merchandise shall not be considered acceptance of same. Acceptance of such

merchandise shall not be deemed a waiver of the Buyer's right to hold the Seller liable for any loss or damage resulting there from, nor shall it act as a modification of the Seller's obligation to make future deliveries in accordance with the delivery schedule. Buyer shall be reimbursed in full for all merchandise returned. In addition, thereto, Buyer shall have the privilege, if shipment is not made on time, to purchase similar merchandise in the open market in such quantities as they may find necessary not exceeding the amount called for in this Order and hold Seller responsible for the difference, if any, between the price so paid and the Order price.

8. **Packaging and Shipment.** Seller shall make deliveries of all Products as specified in this Order without charge for packaging, invoicing, crating or storage, unless otherwise provided for in this Order. Unless otherwise specified on the face of this Order, all Products are to be packed in accordance with good commercial practices. All shipments of Products shall meet the shipping requirements found in Department of Transportation Regulations 49 CFR, Occupational Safety and Health Administration's Hazardous Communication Standard found in 29 CFR and the Dangerous Goods Regulation of the International Air Transport Association. Any loss or damage, whenever occurring, which results from Seller's improper packaging or crating shall be borne by Seller. All items shall be properly identified with Buyer's Order number releasing shipments against this Order and the Order item number or other identification number shown. A complete packing list must be enclosed with all shipments. The packing list shall reference, at a minimum, the order number, order line item, applicable part numbers, description of the product, and quantities. Buyer's count and weight shall prevail relative to any shipment discrepancies. Seller shall mark containers or packages with any necessary lifting, loading or other handling instructions. Bill of lading shall include this Order number. If delays caused by Seller result in the need for premium transportation, the additional costs for the premium transportation shall be the sole responsibility of the Seller.
9. **Inspection**
 - a. All Products, including raw materials and components, and Seller's and its subcontractors' manufacturing facilities shall be subject to inspection and test by Buyer, Buyer's Customer, and/or the Government, if this Order is issued under a U.S. Government prime contract, to the extent practicable at all times and places. The exercise of the right of inspection and test, however, shall in no way relieve Seller of its obligation to furnish all Products in strict accordance with this Order. If inspection and test are made on the premises of Seller or any subcontractor of Seller, Seller or such subcontractor shall furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient inspection and test required. All inspection tests will be conducted in such a manner as not to cause an unreasonable delay.
 - b. All Products shall be subject to final inspection and acceptance by Buyer after delivery, notwithstanding prior payment. It is expressly agreed that payment does not constitute final acceptance. Buyer, at its option, may either reject any Products not in conformity with the requirements and terms of this Order or rework the same at Seller's expense. In the event sampling

techniques are utilized by Buyer to ascertain Product acceptability, entire lots may be returned when acceptable quality levels indicate rejection. Buyer may return rejected Products at Seller's risk and expense at the full invoice price plus transportation charges and Buyer's handling charges. No replacement of rejected Products shall be made unless specified by Buyer. All Products delivered under this Order shall strictly comply with the technical requirements defined in this Order, absent Buyer's prior written consent. Final acceptance shall not be conclusive with respect to latent defects, fraud, or such gross mistakes as amount to fraud.

- c. Nonconforming parts. In addition to all other remedies available to Buyer, Buyer may return any nonconforming parts to Seller for correction or replacement, at Buyer's election, with all transportation charges and Buyer's handling charges for return and redelivery to be borne by Seller. If Seller fails to accept return of nonconforming Products or fails promptly to correct or replace same, Buyer, without limiting its other rights, may, at Seller's expense, correct or replace the nonconforming Products. All repaired and replaced products are subject to the same warranties as original products under this Order.
10. Default. In the sole event that the Buyer incurs damages as a result of the Seller's delay in delivering goods subject to this Order, Seller shall be liable for such damages notwithstanding those due to causes beyond Seller's control or result without fault or negligence of Seller. Buyer may by written notice of default to Seller
- a. Terminate the whole or any part of this Order in any one of the following circumstances:
 - i. If Seller fails to perform within the time specified herein or any extension thereof, or
 - ii. If Seller fails to perform any of the other provisions of this Order, or so fails to make progress as to endanger performance of this Order in accordance with its terms, or
 - iii. If the Seller shall become insolvent or make a general assignment for the benefit of creditors or if a petition under any bankruptcy act or similar statute is filed by or against the Seller, and in any of these circumstances does not cure such failure within a period of ten (10) days or such longer period as Buyer may authorize in writing;
 - b. And upon such termination Buyer may procure, upon such terms as it shall deem appropriate, supplies or services similar to those so terminated, in which case Seller shall continue performance of this Order to the extent not terminated and shall be liable to Buyer for any excess costs for such similar supplies or services. As an alternate remedy, and in lieu of termination for default, Buyer, at its sole discretion, may elect
 - i. To extend the delivery schedule, and/or
 - ii. To waive other deficiencies in Seller's performance, in which case an equitable reduction in the Order price shall be granted.
 - c. Buyer shall have the right at any time to require assurance from Seller. In the event Seller for any reason anticipates difficulty in complying with the required delivery date or performance schedule, or in meeting any of the

other requirements of this Order, Seller shall promptly notify Buyer in writing. If Seller does not comply with Buyer's delivery schedule or performance schedule, Buyer may require delivery by fastest means and charges resulting from the premium transportation must be fully prepaid and absorbed by the Seller. The rights and remedies of the Buyer provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Order. Time is of the essence.

11. Set-Off

Buyer shall be entitled at all times to set-off any amount owing at any time from Seller to Buyer or any of its affiliates against any amount payable at any time by Buyer in connection with this Order.

12. Pricing and Payment Terms

- a. The Order price shall not be increased, nor the terms hereof changed without the Buyer's written consent. The Seller warrants that the prices of the items covered by this Order are not in excess of the Seller's lowest lawful prices in effect on the date of this Order for comparable quantities of similar items. If on or before the date of delivery of any materials ordered hereunder, Seller shall sell or offer to sell the same or like materials at net prices lower than herein provided, Seller agrees to give Buyer the benefit of such lower prices with respect to any undelivered materials and this order shall be deemed so modified. If cash discounts for early payment are offered by Seller, the period of time agreed upon as constituting "early payment" shall begin with the later of the invoice date or receipt of merchandise. All shipments received or invoices dated after the twenty-fifth (25th) will be considered first of the following month dating. All accounts subject to cash discount will be paid on the tenth (10th) of the following month, provided such invoices are received no later than the third (3rd) of the month. "Net invoices" will be paid on the last day of the following month. Unless freight or other charges are itemized, the discount will be taken on the full amount of the invoice.
- b. Upon submission of proper invoices, Buyer shall pay the Order price set forth herein for material and supplies delivered and accepted or services rendered and accepted; however, payment may be withheld, or portions thereof deducted or set offs made against Seller if the Seller is not performing work in accordance with the provisions of this Order. There will be no minimum charges honored unless specifically agreed to prior to shipment. Shipments consigned directly to Buyer's customers that are shipped after the twentieth (20th) shall be considered as invoiced for the following month. Delays in receiving invoices shall be considered just cause for withholding payment without losing any discount privilege. c) Except as otherwise provided in this Order, no payment for extra parts shall be made unless such extras and the price have been authorized by Buyer's Purchasing Representative.

13. **Hazcom Reporting.** If any of the items ordered herein constitute or contain “hazardous or toxic chemicals” as defined by any applicable Federal, State, or local law, rule, or regulation, including those definitions found in the Federal Acquisition Regulations (“FAR”) or Defense Federal Acquisition Regulations Supplement (“DFARS”), Seller shall provide at the time of delivery all required notices and information, including, but not limited to, all Material Safety Data Sheets (“MSDS”) in the approved Occupational Safety & Health Administration (“OSHA”) format. Seller agrees to maintain such information current and shall provide Buyer with any amended, altered, or revised information on a timely basis. When this Order requires documentation or certification, this requirement is a material requirement of this Order. Seller’s failure to provide this information prior to or at the time of delivery may result in withholding of payment until such is provided.
14. **Indemnification.** Seller represents and warrants that neither the merchandise nor the sale thereof covered by this Order will infringe upon or violate any trademarks, patents, copyright, or other legal rights of third parties. Seller agrees to indemnify and save Buyer harmless from and against any and all claims, liability, loss, costs, attorneys’ fees, expenses, and damages due to or arising from any such alleged infringement or violation. Seller furthermore agrees:
- a. To indemnify, save harmless, and defend Buyer and its affiliated companies, their customers, directors, officers, employees and agents, from and against any loss, liability, cost, expenses, suits, actions, claims and all other obligations and proceedings whatsoever, including without limitation, all judgments rendered against, and all fines and penalties imposed upon Buyer and any reasonable attorney's fees and any other cost of litigation (hereinafter collectively referred to as "liabilities") arising out of injuries to persons, including death, or damage to property, caused by Seller, its employees, agents, subcontractors, or in any way attributable to the performance and prosecution of the work herein contracted for, including without limitation breach of warranty or product liability except that Seller's obligation herein to indemnify Buyer shall not apply to any liabilities arising from Buyer's sole negligence. Seller agrees to expressly waive its immunity, if any, under the applicable workers' compensation law if such immunity may affect this indemnification obligation,
 - b. That Buyer and subcontractors and direct/indirect customers have the worldwide irrevocable right to repair, reconstruct, or rebuild, and to have repaired, reconstructed, or rebuilt Products delivered under this Order without payment of any royalty or other compensation to Seller,
 - c. That any manufactured parts based on Buyer’s design, drawings, or specifications may not be used in any manner for Seller’s or Seller’s affiliates and suppliers own use or sold to third parties without Buyer’s express written consent, and
 - d. To give Buyer or its designees all assistance reasonably required to perfect any such rights.
15. **Protection of Buyer’s Proprietary Information**

- a. Any information of Buyer's identified as confidential or proprietary that is provided by Buyer to Seller shall remain the property of the Buyer. Seller agrees to comply with all proprietary information markings and restrictive legends applied by Buyer to such Buyer Proprietary Information. Seller further agrees to use Buyer's Proprietary Information only for the purpose of performing under this Order and agrees not to disclose such information to third parties or Seller's affiliates and suppliers without prior written consent of Buyer. The Seller shall ensure that all employees are aware of this clause and abide by its provisions. Seller agrees that it will protect and maintain the confidence of Buyer Proprietary Information using the same degree of care it uses to protect its own proprietary information, but in no event less than a reasonable degree of care.
- b. If Seller becomes aware of any compromise of information provided by Buyer to Seller, its officers, employees, agents, suppliers, or subcontractors (an "Incident"), Seller will take appropriate immediate action to investigate and contain the Incident and any associated risks, including prompt notification to Buyer as soon as possible after learning of the Incident. Seller will additionally provide its reasonable cooperation to Buyer in any investigation it may conduct regarding the nature and scope of any Incident. Any costs that may be incurred for remedial actions caused by an Incident shall be borne by Seller.

16. Parts Obsolescence

- a. Buyer may desire to place additional orders for any Products purchased hereunder. Accordingly, Seller shall provide Buyer with a "Last-Time-Buy-Notice" at least twelve (12) months prior to any action to discontinue any products purchased hereunder.
- b. The price of this Order shall not be subject to adjustment due to any Seller claim of parts obsolescence. Seller certifies that Seller has taken parts obsolescence into account as it relates to the price of this Order.
- c. In the event the Seller determines that one or more parts involved in the production of any of the requirements contained in this contract are either obsolete or non-procurable, the Seller shall provide written notice to Buyer's Purchasing Representative as soon as possible. The notice will include the Seller's recommendation to correct the problem either through alternative sources in the industry or via hardware re-design. Upon receipt of the notification, Buyer will determine the appropriate course of action, and will give written direction to the Seller. Seller must have written approval of Buyer before implementation of any plan.

17. Waiver. The Buyer's failure to insist upon strict compliance shall not be deemed to be a waiver of any right granted Buyer herein. Buyer shall not be deemed to waive such right unless such waiver is in writing, signed by Buyer's President. Any such waiver shall not constitute a waiver of any other default under this Order.

18. Dispute Resolution

- a. All disputes under this Order that are not disposed of by mutual agreement may be decided by recourse to an action at law or in equity. In the event of a dispute arising out of this Order, Buyer and Seller agree to timely notify each other in writing of each position and shall first negotiate in good faith to resolve the dispute by mutual agreement. If the parties cannot resolve such dispute, then the dispute may be filed in proper court for disposition. Any litigation under this Order shall be brought in a court of competent jurisdiction in Texas, and the parties hereby submit to the exclusive jurisdiction and venue of such court(s). The parties hereby waive any defense or objection to the exercise of personal jurisdiction and/or venue by such court(s). Seller and Buyer hereby irrevocably waive, to the fullest extent permitted by applicable law, any right each may have to a trial by jury in respect to any litigation, directly or indirectly arising out of under or in connection with this Order.
 - b. Until final resolution of the dispute, or appeal hereunder, the Seller shall diligently proceed with the performance of this Order as directed by Buyer, even if the dispute is in connection with a difference in interpretation between the parties as to the performance requirements under the Order.
19. Taxes. Unless prohibited by law, the Seller shall pay all federal, state, or local tax, transportation tax, or other tax which is required to be imposed on the items ordered, or by reason of their sale or delivery. Order price will be deemed to include such taxes.
20. Warranty
 - a. Seller warrants that it has clear title to all items furnished subject hereto and that they are being delivered free and clear of any encumbrances. The Seller further warrants that all such items shall conform to the Seller's specifications, the requirements of this Order and approved sample or samples, if any, and further, that such shall be merchantable and fit for the Buyer's or its customer's intended use, that such items shall be free from defects in design, material and workmanship, that all work to be delivered hereunder shall consist of new materials, as defined in FAR 52.211-5, not used, or reconditioned, remanufactured, or of such age as to impair its usefulness or safety, and that no conflict of interest exists between the services and Products to be provided under this Order and Seller's other activities (collectively, the "Seller's Warranty"). Seller's Warranty shall remain in effect for a one (1) year period after acceptance of the items by the Buyer's customers, or for such longer period of time as the item is normally warranted. Neither approval by the Buyer of the Seller's design nor acceptance of the goods shall release or discharge Seller from liability for damages resulting from a breach of Seller's Warranty.

Any failure of Seller to comply with the provisions of this clause shall be a material breach of this Order.
- e. Seller must flow down this clause into any lower-tire subcontract or purchase order entered into Seller for the performance of any part of the work of this Order.

22. Assignment. Seller shall not assign any of its rights or interest in this Order or all or substantially all of its performance of this Order without Buyer's prior written consent. Seller shall not delegate any of its duties or obligations under this Order. No

assignment, delegation or subcontracting by Seller, with or without Buyer's written consent, shall relieve Seller of any of its obligations under this Order or prejudice any of Buyer's rights against Seller. An assignment without Buyer's written consent is ineffective and void. Seller may, however, assign rights to be paid amounts due, or to become due, to a financing institution if Buyer is promptly furnished a signed copy of such assignment reasonably in advance of the due date for payment of any such amounts. Amounts assigned shall be subject to set-off or recoupment for any present or future claims of Buyer against Seller. The required insurance policy shall be endorsed to require the insurance company to provide Buyer with at least thirty (30) days prior written notice of the effective date of cancellation or material change of any insurance policy. Such a certificate shall contain the policy number, effective date, expiration date, and a statement noting SYSTEL, INC. as additional insured.

The party affected by the Force Majeure shall give prompt written notice thereof and, upon cessation of the Force Majeure, take all reasonable steps to resume compliance with its obligations. If Seller's failure is caused by the failure of a subcontractor of Seller and if such failure arises out of causes beyond the reasonable control of both, and if such failure is without the fault or negligence of either, Seller shall not be liable for excess re-procurement costs unless the Products or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Seller to meet the required delivery schedules. Notwithstanding the above, if such delays extend Seller's delivery or performance date by more than thirty (30) days, Buyer may terminate such part of this Order remaining to be performed. In the event of such termination, the rights and obligations of the parties shall be determined in accordance with Clause 20, "Termination for Convenience" herein.
